

Public Officials Directory

for Greater Kansas City
2025

Public Officials Directory

The Mid-America Regional Council (MARC) is pleased to present the 2025 Public Officials Directory. We hope you find this directory to be a one-stop resource to access contact information for government institutions, officials and important organizations that serve the bistate Kansas City area.

The directory lists officials in the nine-county metropolitan region served by MARC, which includes Johnson, Leavenworth, Miami and Wyandotte counties in Kansas and Cass, Clay, Jackson, Platte and Ray counties in Missouri. In addition to federal and state officials for the area, it includes information for cities, fire and emergency medical service agencies, school districts and agencies providing public transit services.

Please consider the printed version of the directory to be a “point-in-time” snapshot of this information as of the publication date, as it’s impossible to keep up with the changes in a printed format.

A PDF version of this directory is available on the MARC website at marc.org/pod. We strive to keep the online PDF version of this directory updated regularly. If you find an incorrect entry, or if your agency’s information changes, please contact us with updates at pod@marc.org.

Please note: *This will be the last printed version of this directory. We’re working to bring you a convenient online resource that will provide the same information listed here, but updated much more frequently. Look for information about that on our website and social media channels in the future.*

We hope this directory is useful to you in your work on behalf of the Kansas City region.

The MARC Region

MARC

MARC is the nonprofit association of city and county governments and the metropolitan planning organization for the bistate Kansas City region. Governed by a board of local elected officials, MARC provides a forum for the region to work together to advance social, economic and environmental progress. The MARC region includes nine counties and 119 cities — 4,423 square miles — with an estimated population of 2.1 million people.

To order copies of this directory (while supplies last) call 816-474-4240. To access the online version, visit marc.org/pod.
