MAC Group Objectives for COVID-19 Response

AAR-IP Review Process

- Reviews:
 - MAC-S Planning Section Review
 - MARC HCC August 22, 2022
 - RHSCC August 31, 2022
- 49 Strengths
- 29 Areas for Improvement

MAC Group Objectives *for COVID-19 Response*

Operational Coordination

Strength

- Formation of MAC G

Area for Improvement

- Forum where elected & appointed officials can openly and honestly communicate

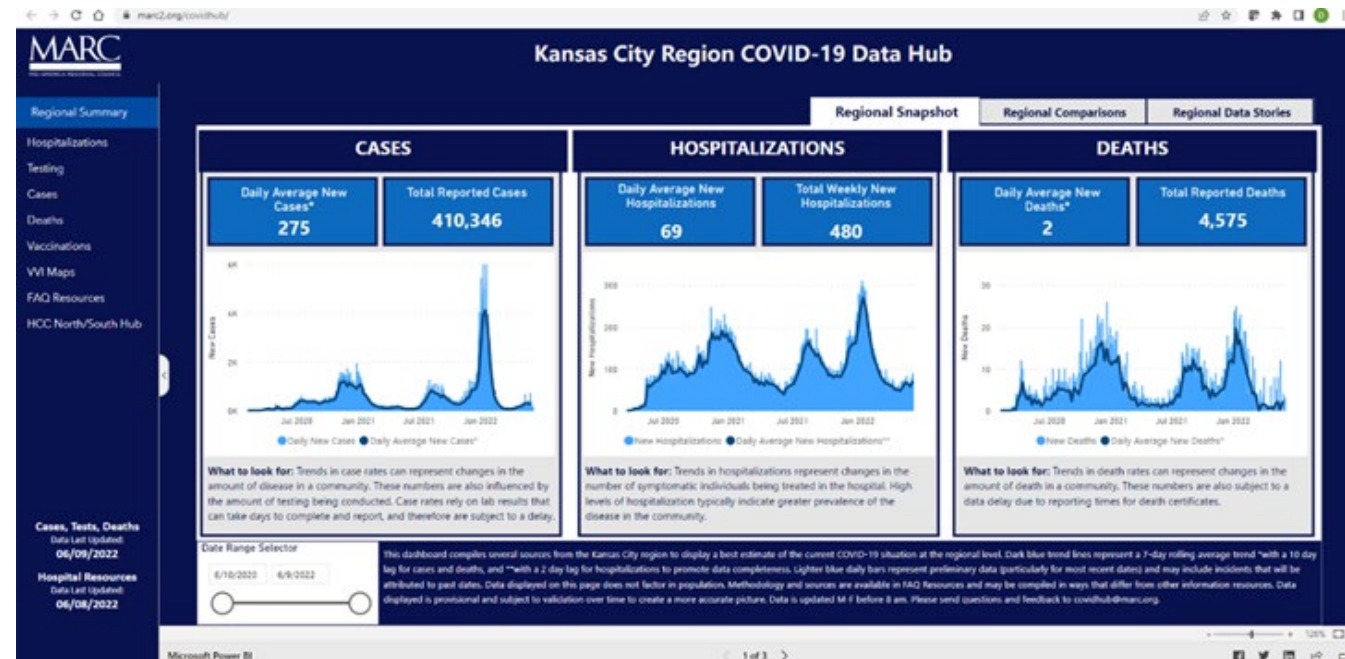

Common Operating Picture

Strength

- Products developed to share information / common operating picture

Area for Improvement

- Pre-event agreements to allow access to hospital data

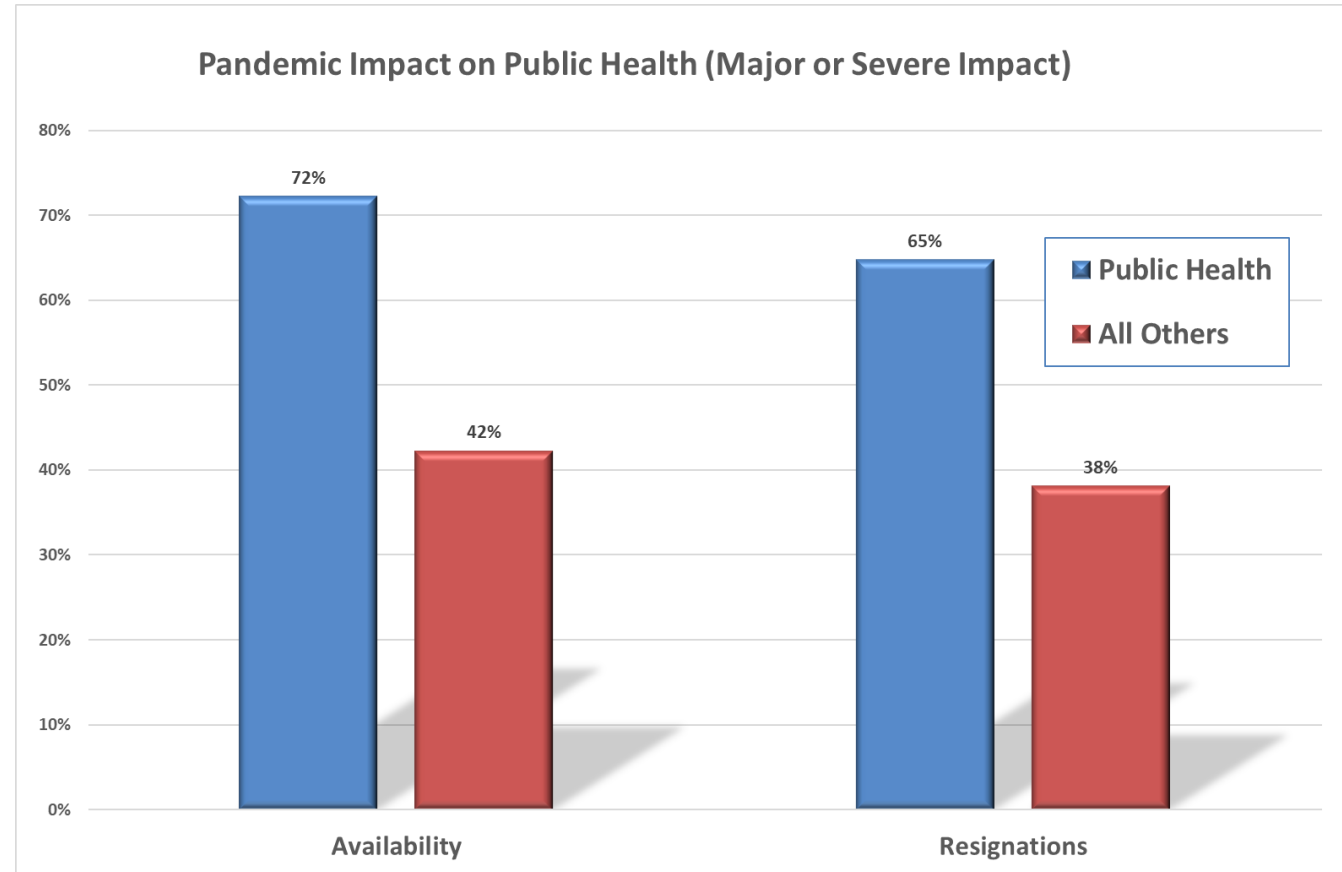

Resource Support & Coordination

Strength

- Development of Cooperative Purchase Agreements for PPE

Area for Improvement

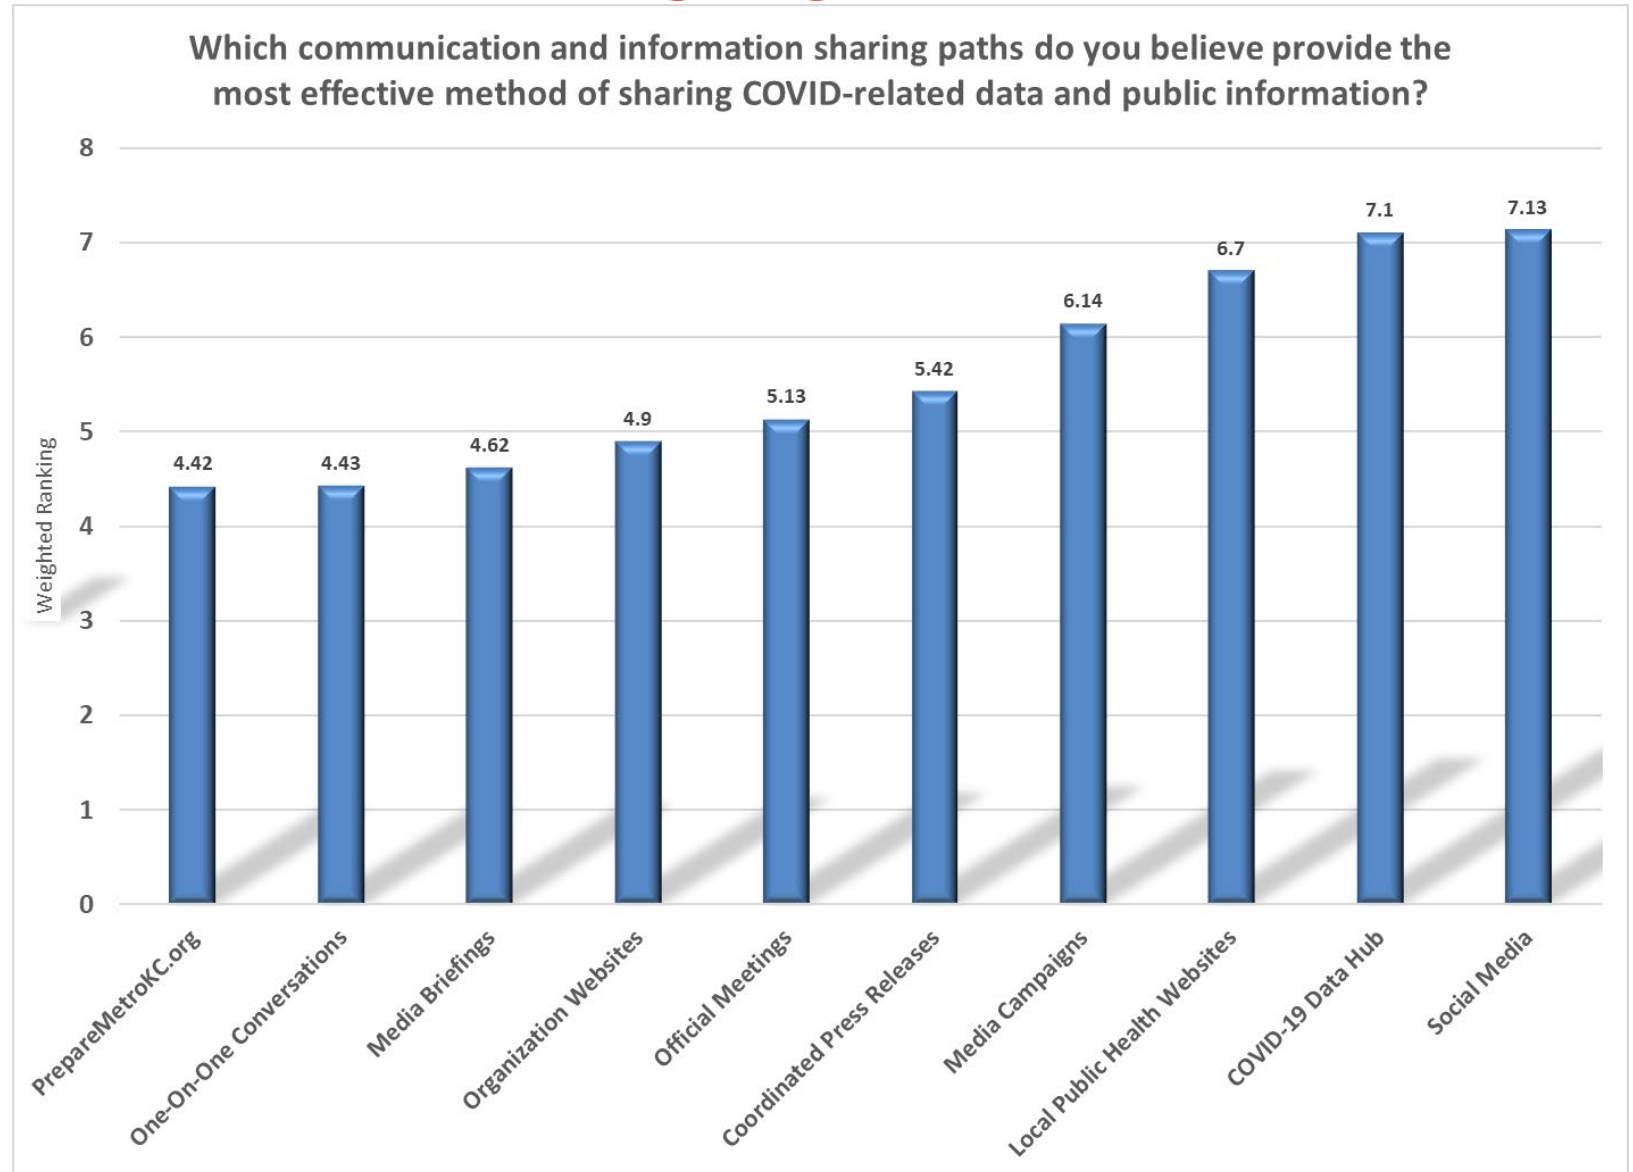

- Advocate for more investment in public health infrastructure to immediately respond to epidemics, pandemics, and other public health emergencies

Public Information and Messaging

Strength

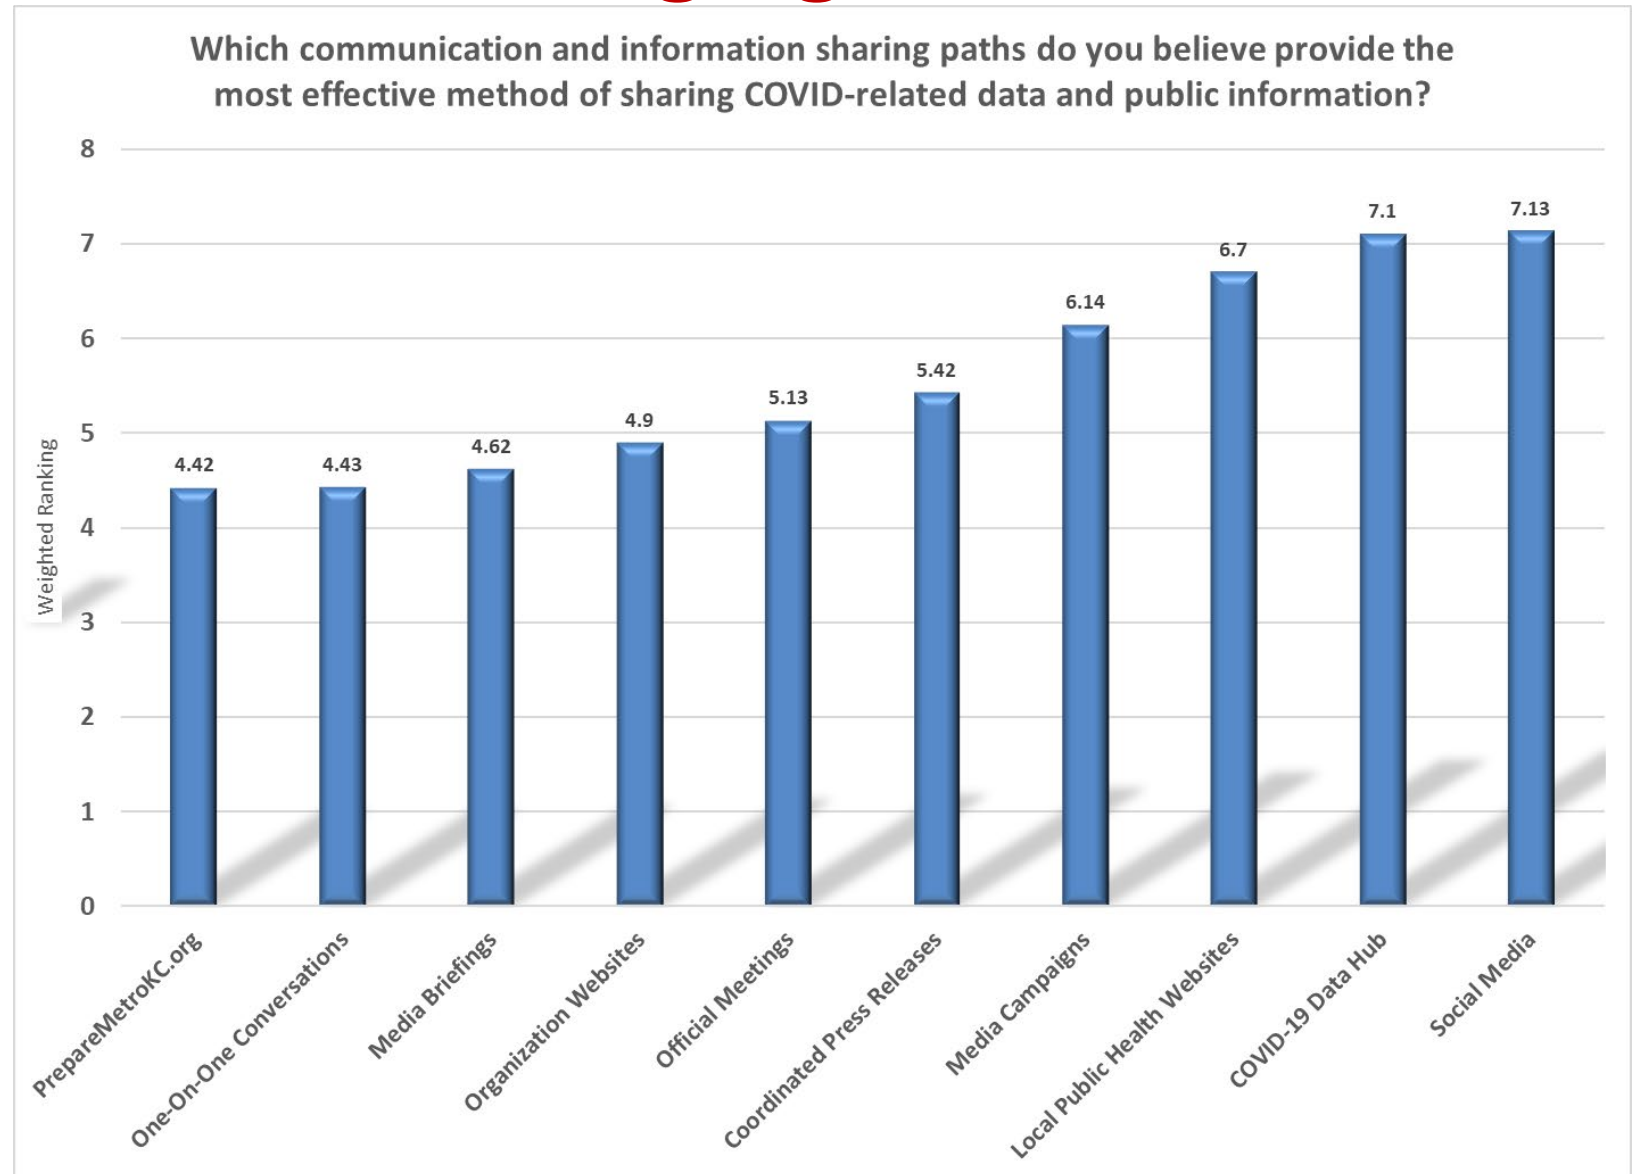

- Preexisting public information groups
 - RAPIO and Public Health Risk Communicators

Public Information and Messaging

Area for Improvement

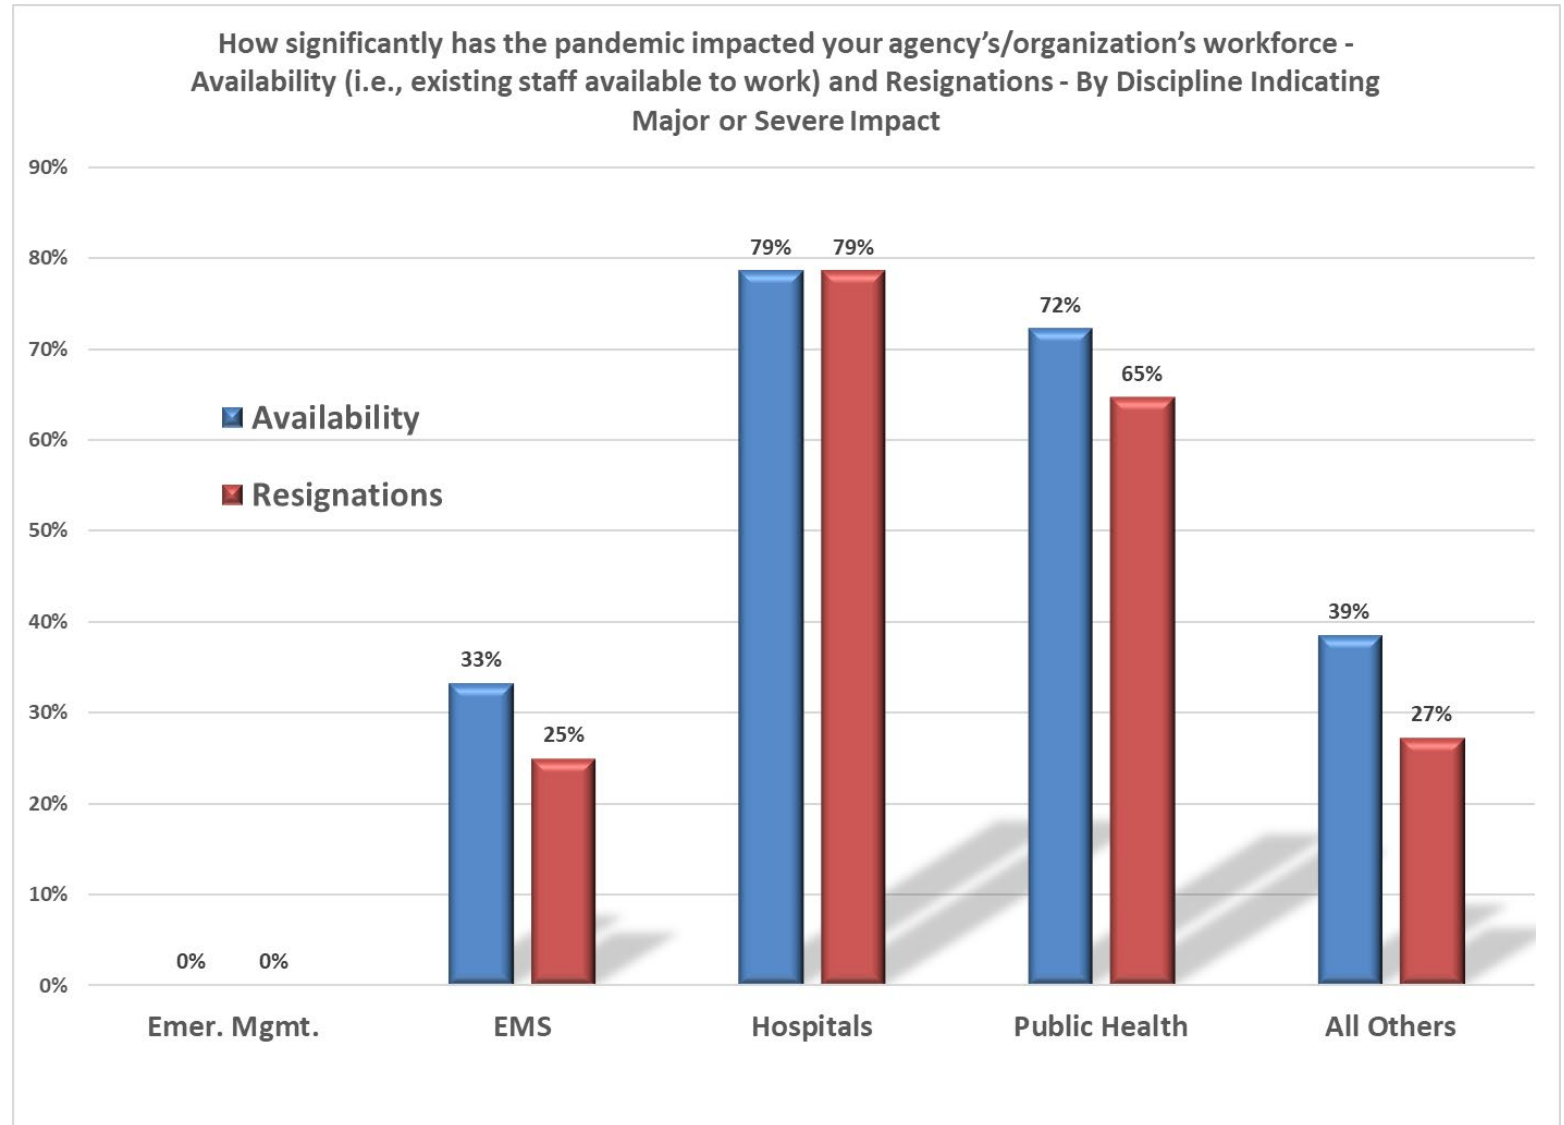

- Stronger policy coordination to allow unified messaging

Recovery

Strength

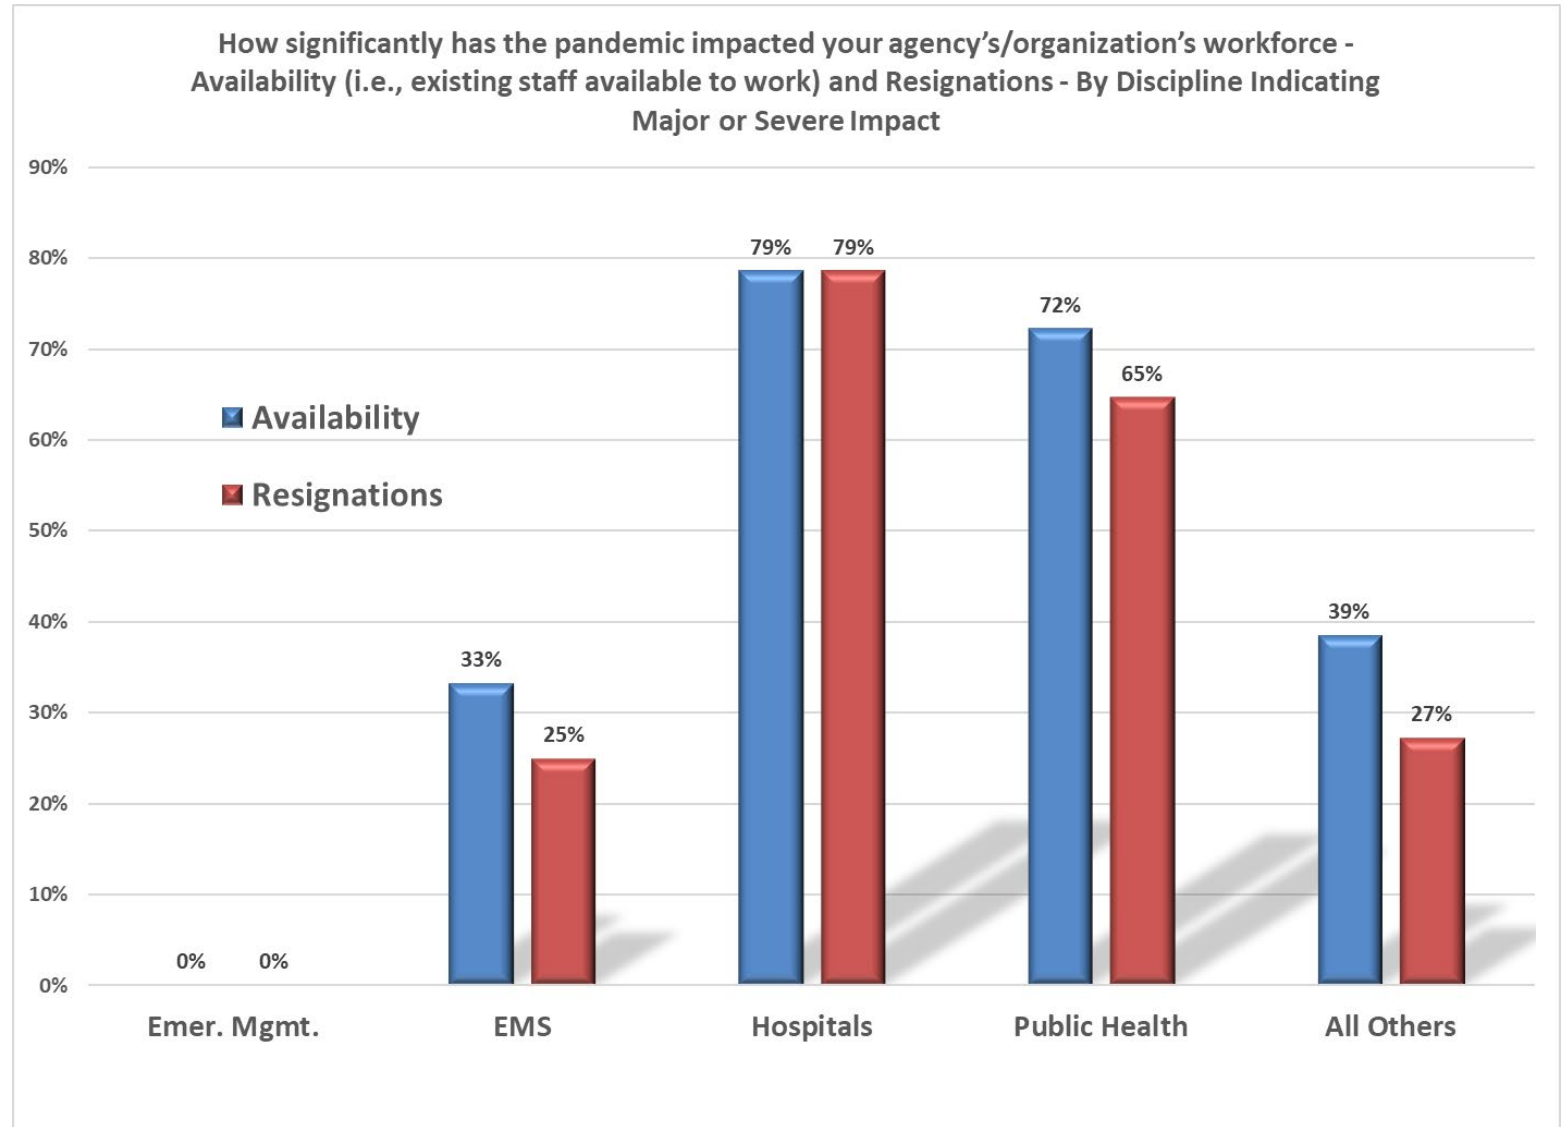

- KC Regional COVID-19 Response & Recovery Fund
 - Helped to address the needs of vulnerable communities.

Recovery

Area for Improvement

- Continue to support and promote mental health and workforce resilience

RHSCC Committee Responsibilities

- 29 areas for improvement assigned
- Subcommittees to address recommendations
